**EC Healthcare expects sales volume to increase no less than 17% Y-o-Y to no less than HK\$860 million in the first quarter  
Business Shows Strong Momentum and Mainland Expansion Achieves a Stable Process**

(25 July 2022, Hong Kong) **EC Healthcare** (the “Company”, which together with its subsidiaries is referred to as the “Group”, SEHK stock code: 2138), the largest non-hospital medical group in Hong Kong\*, is pleased to announce that the Group expects the sales volume for the first quarter to increase no less than 17% Y-o-Y to no less than HK\$860 million.

To fulfill the strong demand for aesthetic medical and beauty and wellness services provided by the Group in Mainland China, in July 2022, the Group has opened two new service points in Shenzhen, with an aggregate newly leased gross floor area of approximately 12,400 square feet. The Group’s total number of service points in Mainland China increased to 18.

Benefiting from the strong demand on medical services provided by the Group and as the impact of the fifth wave pandemic outbreak gradually fades, the overall consumption sentiment in Hong Kong improves with a full-fledged retail sector recovery. The Board expects to record a no less than HK\$860 million sales volume, representing a no less than 17% y-o-y increase and a no less than 80% increase as compared with the same period in 2020; the Group’s sales volume of medical services is expected to achieve a no less than 29% y-o-y increase for the Quarter and a no less than 158% increase as compared with the same period in 2020; for sales volume in those clinics and services centers located in Mainland China, the Group is expected to record a minor y-o-y decrease for no more than 6% for the Quarter, and a no less than 29% increase as compared with the same period in 2020.

**Mr. Eddy Tang, Chairman, Executive Director and Chief Executive Officer of EC Healthcare** said, “Looking ahead, the Group is confident about the business performance given the gradual fading impact of the pandemic, the community immunity increased and the health consciousness rising. The Group is expected to operate the business in a stable market environment and the demand for medical services will remain momentum. As the leading healthcare services provider in Hong Kong, the Group will keep developing businesses through organic growth as well as mergers and acquisitions, leveraging our investment in information technology, branding and service to enrich the closed-loop healthcare ecosystem and further consolidate the healthcare market.”
